■ **MASONBORO TRACE [Landscape Plan Review]**

1. Please change vegetation key with different shapes to indicate different types of landscape. It is difficult to tell the types and sizes of dots used to distinguish the existing trees to remain, such as Pine Trees, Magnolia and Oak Trees.
2. The landscape plan was in black and white/ grayscale format, therefore, it was harder to tell the type of landscaping proposed in certain areas of the plan. Please use different shapes for different species.
3. No Further Comments.
